

Tips for Reading with Your Kindergartener

- Encourage your child to reread their favorite stories and books, even if it's for the 100th time!
- Find ways to connect the books and stories you read together to experiences you have in real life.
- Encourage your child to read or look at books during free time during the day or in the evening instead of screen time.
- Sing songs and reading rhyming books together to help make your child aware of relationships between sounds.
